About us

At Biocon, we engineer excellence across every connection. As a trusted manufacturer of led lighting system, wires & cables, switches & accessories, mcbs, switchgear, and our flagship pvc tapes, we deliver solutions that define reliability and performance with 1000+ products manufactured in-house, each piece reflects our commitment to precision, technology, and uncompromising quality. Every product is crafted with care, ensuring durability and superior standards that our customers depend on.

Expanding into architectural lighting, we bring together innovation and design—creating lighting solutions that elevate spaces with elegance and efficiency. Manufactured in our state-of-the-art facility, our products embody the perfect balance of form and function.

At Biocon, we don't just build products—we create experiences powered by innovation, quality, and trust.

Residential

If there is anything that can appreciably alter your lighting experience and feel of your home, it's LED Lighting by Biocon. Bright light for study or reading corners. Warm light for living and dining. Soft light for your kitchen. Set the right moods with Biocon LED lights.

Industrial

Increase energy efficiency with Biocon LED lights. Every Industry needs different lighting infrastructure for proficient working. Hence the need for good quality and uniform lighting for its various needs like shop floor, warehouse, quality labs, stores, bay areas, workplace.

Outdoor

Make public areas safer with Biocon LED Lights. Durable lights for Long term maintenance free use clear, high contrast light for night-time visibility. Choose from the wide range of our products to suit your different needs.

Commercial

To utilise energy in an efficient manner and to improve productivity, there is a need of distinct LED lighting solutions for Commercials buildings, Healthcare segments, Educational facilities, Hotels and Resorts, Bay areas and Workplace. Warm lighting for its reception, versatile lighting for board room and any other area you choose to illuminate.

TERMS & CONDITIONS

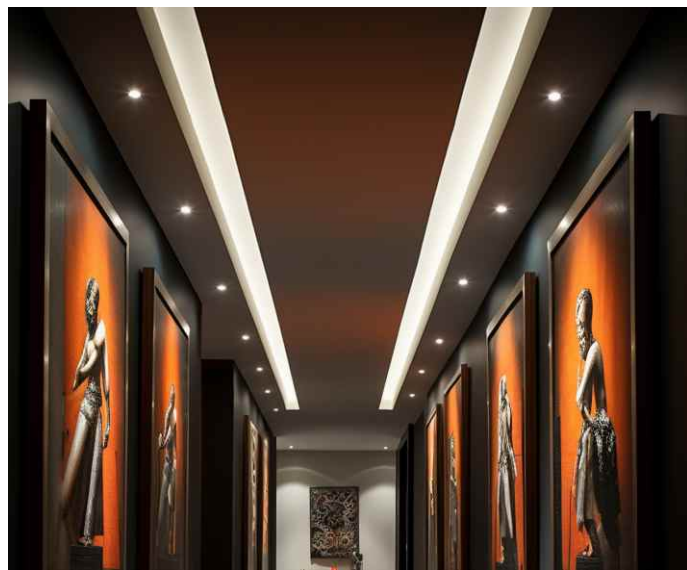

1. Rates are subject to change without prior notice.
2. All taxes are extra as applicable.
3. Goods will be supplied according to stock position.
4. Subject to Delhi Jurisdiction only.
5. Warranty against manufacturing defects only.
6. All wattage may be differ $\pm$ 8-10% based on heating capacity.
7. Warranty : The company will diligently adhere to 2 years warranty term for all of its products.

Current : 280-300mA

SWIFT LED COB DOWNLIGHT

The SWIFT LED COB Downlight is engineered to deliver powerful and uniform illumination for modern commercial and retail environments. Designed with advanced COB LED technology, it provides high brightness, excellent color consistency, and energy-efficient performance.

Its compact and minimalist design blends seamlessly into ceilings while producing clean, focused light that enhances product displays and interior spaces. SWIFT ensures consistent illumination across large areas, making it ideal for spaces that require both functionality and aesthetic appeal.

SWIFT LED

COB DOWNLIGHT

PRODUCT FEATURES AND BENEFIT

- > Precision COB light engine for sharp and consistent beam output
- > High-reflective cone reflector for enhanced light projection
- > Advanced thermal management with aluminium heat sink body
- > Uniform beam spread for balanced illumination across spaces
- > Low glare optical design for comfortable visual experience
- > Optimized lumen efficiency for maximum light with less power
- > Engineered for commercial lighting environments

ZIRCO SPOT

ROTATING SURFACE CYLINDER

The ZIRCO Movable Surface Cylinder is designed to deliver precise directional lighting with a modern architectural aesthetic. Its adjustable head allows the light beam to be easily directed, making it ideal for highlighting specific areas, objects, or architectural details.

With its sleek cylindrical form and contemporary finish, ZIRCO blends seamlessly into modern interiors while providing powerful and focused illumination. The movable design offers flexibility in lighting layouts, allowing spaces to be illuminated exactly as required.

ZIRCO SPOT

ROTATING SURFACE CYLINDER

PRODUCT FEATURES AND BENEFIT

- > Tiltable spotlight head for flexible light direction
- > Premium aluminium body for durability and heat control
- > Deep reflector optics for sharp focused beam
- > High-efficiency LED module for bright accent lighting
- > Compact architectural design for modern interiors
- > Ideal for artwork, displays, and feature lighting
- > Smooth directional adjustment for precise highlighting
- > Elegant matte finish for premium aesthetics

ZENKO LED

SURFACE CYLINDER WITH SIDE RING

The ZENKO LED Surface Cylinder light is designed to deliver focused and elegant illumination for modern interiors. Its sleek cylindrical form combines minimalist aesthetics with powerful LED performance, making it ideal for contemporary architectural spaces.

Providing precise downward lighting, ZENKO enhances the atmosphere of interiors while maintaining a clean and sophisticated ceiling design. The compact surface-mounted structure allows easy installation and seamless integration into a variety of environments.

ZENKO LED

SURFACE CYLINDER WITH SIDE RING

PRODUCT FEATURES AND BENEFIT

- > Surface-mounted cylinder design for modern architectural lighting
- > Decorative glowing side ring for premium ambient effect
- > Premium aluminium housing for durability and heat dissipation
- > Energy-efficient LED source for low power consumption

MAGNETIC TRACK LIGHTS

A modern interior space featuring a light-colored sofa, a dark wood kitchen island with bar stools, and a dark wood wall. A black track lighting system is installed on the ceiling, with several magnetic light fixtures attached. The lighting is dimmed, creating a warm, ambient glow. The track lighting is a sleek, black, recessed rail that runs across the ceiling and down the wall, providing a clean and modern look. The overall aesthetic is minimalist and contemporary.

REEF LED

MAGNETIC RECESSED TRACK RAIL

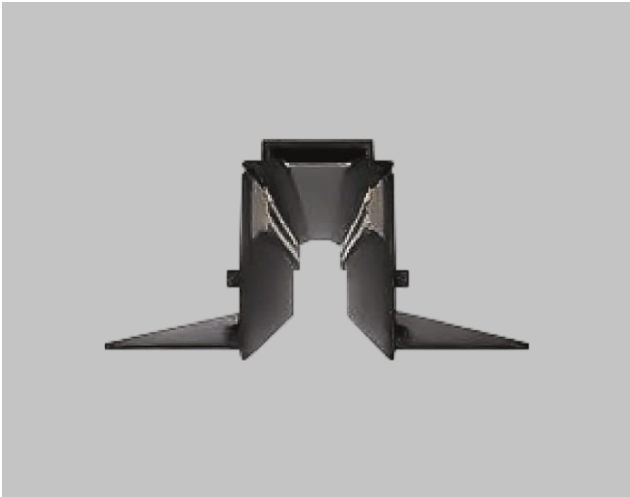

The Magnetic Rail is the foundation of modern magnetic lighting systems, designed to provide a clean, flexible, and highly functional lighting solution for contemporary interiors. Engineered for seamless integration, the rail allows magnetic light fixtures to be easily installed, removed, or repositioned without the need for tools.

Its sleek architectural profile blends perfectly with modern ceilings while supporting a wide range of magnetic lighting modules including spot lights, linear lights, diffuser lights, and adjustable fixtures.

REEF LED

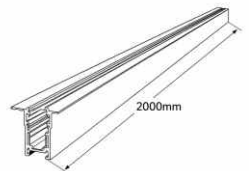

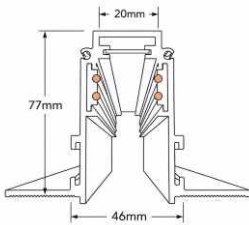

MAGNETIC RECESSED TRACK RAIL

PRODUCT FEATURES AND BENEFIT

- > Ultra-slim magnetic rail profile for minimalist ceiling integration
- > Magnetic mounting system for quick fixture installation and adjustment
- > Premium aluminium construction for strength and durability
- > Low-voltage track system for safe and efficient operation
- > Modular design for flexible lighting configurations
- > Compatible with magnetic spotlights, diffusers, and linear lights
- > Ideal for modern offices, retail stores, galleries, and hospitality spaces
- > Clean architectural finish for contemporary interiors
- > Easy installation and maintenance
- > Perfect for seamless magnetic lighting systems

CORAL LED

MOVABLE MAGNETIC LINEAR LIGHT

The CORAL LED Magnetic Linear Light is designed to bring flexibility and precision to modern lighting systems. Featuring an advanced magnetic track mechanism, the fixture can be easily repositioned to create customized lighting layouts that adapt to changing interior needs.

Its sleek linear design delivers powerful and evenly distributed illumination while maintaining a minimal architectural appearance. The magnetic installation allows effortless adjustment, making it ideal for dynamic lighting environments.

SCUBA LED

GRILLE MAGNETIC LINEAR TRACK LIGHT

The SCUBA Magnetic Track Light is designed to deliver precise linear illumination with maximum flexibility for modern architectural spaces. Its sleek rectangular design integrates seamlessly into magnetic track systems, allowing easy installation and effortless repositioning.

Equipped with advanced LED technology, SCUBA provides uniform light distribution, energy efficiency, and excellent visual comfort. The magnetic mounting system allows the fixture to be quickly adjusted along the track, offering complete freedom in lighting design.

SCUBA LED

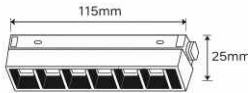

GRILLE MAGNETIC LINEAR TRACK LIGHT

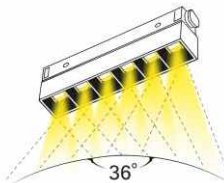

PRODUCT FEATURES AND BENEFIT

- > Magnetic track compatibility for quick installation and repositioning
- > Linear multi-LED module for uniform and powerful illumination

TIDAL LED

MAGNETIC LINEAR TRACK DIFFUSER LIGHT

The TIDAL Magnetic Track Diffuser Light is designed to deliver smooth and uniform illumination for modern interior environments. Its linear diffuser design provides soft, glare-free lighting that creates a comfortable and balanced atmosphere.

Integrated with a magnetic track system, TIDAL allows effortless installation and flexible positioning, enabling lighting layouts to be adjusted according to changing interior needs. The diffuser technology ensures even light distribution while maintaining a sleek and minimal architectural appearance.

ELIOS LED

MAGNETIC HANGING CEILING LIGHT

The ELIOS Ceiling Hanging Magnetic Track Light is designed to bring flexibility and modern elegance to magnetic lighting systems. Suspended from the ceiling, it allows magnetic track fixtures to be positioned at an optimal height, creating dynamic and visually striking lighting arrangements.

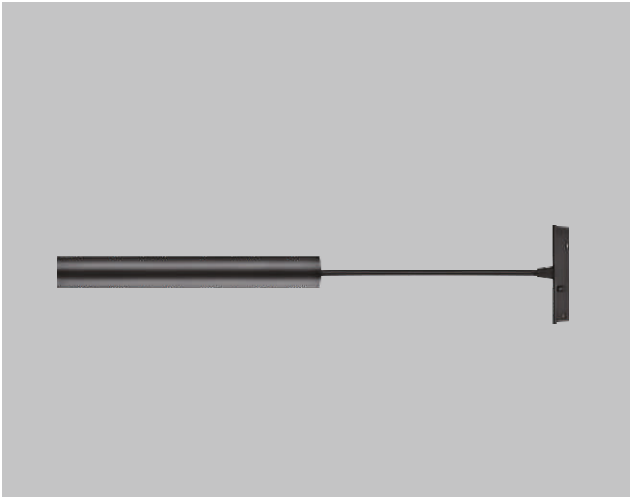

Its sleek suspended structure enhances contemporary interiors while supporting a variety of magnetic lighting modules including spot lights, linear lights, and diffuser lights. The adjustable hanging system makes it ideal for spaces with higher ceilings or where a floating lighting effect is desired.

RIGEL LED OUT DOOR WALL LIGHT

Enhance your exterior spaces with the Rigel Wall Light, a modern lighting fixture designed to create stunning architectural effects. Its circular design emits light both upward and downward, forming a beautiful cross-beam pattern that adds depth, warmth, and elegance to any wall.

RIGEL LED

OUT DOOR WALL LIGHT

PRODUCT FEATURES AND BENEFIT

- > Premium aluminium housing for durability and superior heat dissipation
- > 360° decorative light pattern for elegant wall illumination
- > Energy-efficient LED source for low power consumption
- > Instant start with flicker-free lighting
- > Modern circular design for contemporary interiors
- > Ideal for decorative wall accent lighting
- > Perfect for living rooms, corridors, hotels, and galleries
- > Long-lasting performance with minimal maintenance
- > Soft ambient lighting for a premium atmosphere
- > Suitable for both indoor and outdoor applications

VEGA LED OUT DOOR WALL LIGHT

The VEGA Wall Light is designed to enhance modern outdoor spaces with a perfect balance of style and functionality. Its sleek geometric design delivers a beautiful ambient glow that highlights architectural surfaces while creating a warm and welcoming atmosphere.

Engineered for durability and performance, VEGA is ideal for facades, garden walls, pathways, poolside areas, and luxury outdoor environments. The precisely controlled light distribution produces elegant wall-wash effects, transforming ordinary exteriors into striking architectural statements.

VEGA LED

OUT DOOR WALL LIGHT

PRODUCT FEATURES AND BENEFIT

- > Modern Hexagon Design – Stylish geometric shape that enhances contemporary interiors.
- > Decorative 4-Way Light Effect – Creates elegant star-pattern wall illumination.
- > Premium Aluminum Body – Strong, corrosion-resistant housing for long durability.
- > Soft Ambient LED Glow – Produces warm and comfortable lighting for walls.
- > Energy-Efficient LED Technology – Consumes less power with longer life.
- > Architectural Wall Wash Lighting – Enhances textures and highlights walls.
- > Perfect for Accent Lighting – Ideal for hotels, lobbies, corridors, and living spaces.
- > Compact Surface-Mount Design – Easy installation on indoor and outdoor walls.

India's No. 1 PVC Tape Brand

Every connection needs protection you can trust. Designed with advanced adhesive strength and flame-resistant and water proof material, our insulation tape provides a secure hold that stands up to heat, water, wear, and time.

FR SELF
ADHESIVE
PVC ELECTRICAL INSULATION TAPE

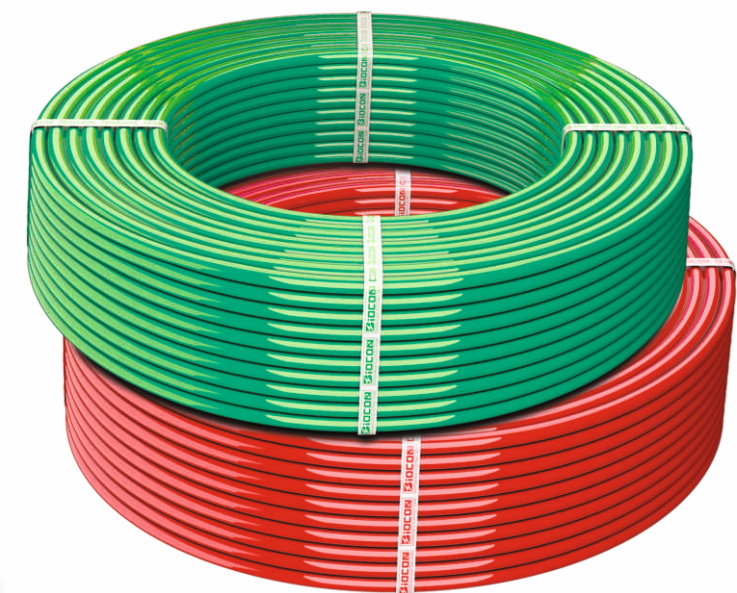

WIRES THAT RESIST FIRES

HIGH CONDUCTIVITY.
LOW HEAT GENERATION.
MAXIMUM SAFETY.

Engineered for performance and built for safety, our wires deliver consistent power with minimal loss. Designed with high-grade copper and advanced insulation, they reduce heat, prevent risks, and ensure long-lasting reliability.

Because when power flows, safety should too.

ENGINEERED FOR PRECISION PROTECTION

Power you can trust.
Protection you can see.

B-Trip
10kA MCB

Beauty that amuses your senses.

An ultimate reflection of aesthetics coupled with style and absolute perfection, these plates suit every decor, blending seamlessly. Offering a wide array of styles, designs and materials, these classic designs lend an urbane look to your spaces leaving an impression that's timeless.
